Subject: CWA Regulatory priorities through the next several months

## Tomas,

Wanted to share with you and others what were a few of the top priorities for the CWA regulatory program perspective that we shared with Alexis. Non-responsive

In the meantime these are some of our stuff that we must get done:

This is not part of the overall strategic plan, or Water strategic plan but rather mandatory core regulatory work. More to come but Dave, Janet, Jason and I will review in greater detail for the entire FY.

Thanks,

nw
